STATEMENT OF TRUSTEES RESPONSIBILITIES

The Trust Deed requires the Trustees to prepare financial statements for each financial period, which gives a true and fair view of the state of affairs of the Republic Unit Trust. In Preparing the financial statements, the Trustees are required to:

- Select suitable accounting policies and apply them consistently
- Make judgements and estimates that are responsible and prudent
- State whether applicable accounting standards have been followed, subject to any material departures, disclosed and explain them in the financial statements and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the investment Trust will continue in business.

The Trustees are responsible for keeping proper accounting records, which disclose with reasonable accuracy at any time the financial position of the Republic Unit Trust, which will ensure that the financial statements comply with the Trust Deed and Securities Industry Act, 2016 (Act 929). They are also responsible for safeguarding the assets of the Investment Trust and taking reasonable steps for the prevention and detection of fraud and other irregularities.

The statements should be read in conjunction with the statement of the Auditors' responsibilities as set out on page 15, the respective responsibilities of the Trustees and the Auditors in relation to the financial statements.

REPORT OF THE TRUSTEES

TO THE UNIT HOLDERS OF REPUBLIC UNIT TRUST

In our opinion, according to the information made available to us and the explanations provided, we confirm that in all material respects, the manager has managed the scheme during the year covered by these financial statements in accordance with the Trust Deed dated 1st August, 2018 and all regulations for the time being in force under the Unit Trust and Mutual Funds Regulations, 2001, (L.I. 1695).

Dated this 29th Day of April, 2020

FUND MANAGER'S REPORT

FOR THE YEAR ENDED DECEMBER 31, 2019

Economic Overview

The Global Economy

The global economy grew by 2.9 percent in 2019, according to the World Economic Outlook (WEO) issued by the International Monetary Fund (IMF). The global economic outlook appears subdued, with a projected contraction of about -3 percent in 2020, on assumption that the novel Covid-19 pandemic is anticipated to fade in the second half of 2020 and containment efforts can be gradually unwound.

The Ghanaian Economy

The Ghanaian economy demonstrated firmer growth during the year 2019, albeit at a relatively slower pace than was recorded in the previous year. The Ghanaian economy on the whole grew by 7.9 percent in 2019 from a position of 6.8 percent the previous year, according to the Ghana Statistical Service.

According to the Central Bank, despite an improvement in consumer confidence reflecting optimism about current and future economic conditions, towards the end of the year, business confidence, on the other hand, softened marginally on account of the exchange rate depreciation. The macroeconomic indicators were generally stable in the year 2019.

Highlight of Key Economic Indicators Exchange rate

Exchange rate

The Ghanaian cedi exhibited signs of volatility in the greater part of 2019 due to increased domestic demand pressures and the strengthening of the US dollar. On the whole, the cedi lost ground to all the major trading currencies in 2019. The Ghana cedi depreciated by 12.9 percent against the US dollar in 2019, compared with 8.4 percent depreciation in 2018. The cedi depreciated against the British pound and Euro, by 15.7 percent and 11.2 percent respectively, relative to 3.3 percent and 3.9 percent over the same period in 2018.

Interest rates

Interest rates on the money market remained stable, with marginal increases across the various maturities on the yield curve. The 91-day Treasury bill rate closed the year 2019 at 14.7 percent as against the 14.6 percent in the same period in 2018. Interest rates on the 182-day bill also inched up to 15.2 percent, from 15.0 percent at year end 2018. The one-year rate increased to 17.90 percent at close of year 2019 from 14.93 percent at year end 2018.

Inflation

Headline inflation was largely contained in the projected target of 8%+/-2%, and remained at a single digit, lingering around 8 percent for the greater part of 2019. At year-end 2019, inflation rate was 7.9 percent on account of lower food prices amidst stable non-food prices.

Stock Market Performance

The Ghana Stock Exchange (GSE) ended both 2018 and 2019 on a bearish note. The GSE Composite Index recorded (-12.25%) in 2019 and (-0.29%) in 2018. As visibly as it appears, the market performance in 2019 was worse than that of 2018. The abysmal performance of the Ghanaian bourse can be attributable to the attractive performance of the Ghana Fixed Income Market in addition to dwindling interest from foreign investors in investing in Ghanaian equities. Also, the liquidity squeeze on the market led some retail investors to sell their stocks at or below market, impacting adversely on the performance of the local bourse.

Financial (Banking and Investment) Sector Reforms

Both the Bank of Ghana and the Securities and Exchange Commission have had to crack the whip on some of their licensees in the year 2019 for non-compliance and unethical practices that led to investors and depositors losing some of their investments. The dividends of the banking sector reforms have led to enhanced liquidity, quality assets, declining NPL ratios, improved earnings and strong capital adequacy leading to a robust financial sector.

The year 2019 saw some giant strides in payment systems as there was an expansion in the use of mobile money, further supporting the inclusive financial sector agenda. Enhanced regulatory oversights and digitization drive is expected to impact positively on the growth of the Financial Sector.

A. Fund Performance

The Republic Unit Trust closed the year 2019 with a net fund value of GH¢264.21 million from a position of GH¢232.93 million in December 2018 representing a growth of 13.43%. The Fund recorded a yield of 12.09% at the end of the period net of all fees and charges to the fund.

The growth recorded by the fund can be attributed to sustained reliance on the Republic Unit Trust as a safe haven to meet the liquidity needs of clients, in the heat of the liquidity squeeze that plagued sections of the financial sector. It is worth noting that your fund was well positioned to honour all redemption requests from unit holders some of whose funds were locked up with other fund managers that got their licenses revoked in the year 2019. Entrenching the ethos of this fund as the fund of choice for investors, the number of unit holders increased from 39,185 in 2018 to 43,120 in 2019.

B. Portfolio Review and Asset Mix

The fund's portfolio drifted in favour of medium to long term government bonds and local government bonds. The rationale was to diversify the fund's portfolio with secured long-term bonds and money market securities. Your fund also took advantage of opportunities on the secondary market in order to improve the yield.

The fund's portfolio allocation comprised government bonds, fixed deposits, other collective investment schemes and cash/ cash equivalents. As at the reporting date, the composition was as follows: Government of Ghana securities had the largest allocations of 45.62%; followed by 45.44% in Fixed Deposit; 6.90% in collective investment schemes; 1.61% were in cash at bank and 0.43% in corporate bonds.

C. Fund Strategy

Our strategies for 2020 is to remain the fund of choice for our highly esteemed investors and provide them with a safe haven to grow their funds steadily. Risk management and safety of our investors' funds is at the heart of our business and fund management strategy. Your Fund Manager would therefore continue to implement strategic policies necessary to protect clients' funds at all time. Your fund will continue to increase its holdings in secured investments including GOG Securities etc until such a time that investing in other classes of assets become prudent.

D. Outlook for 2020

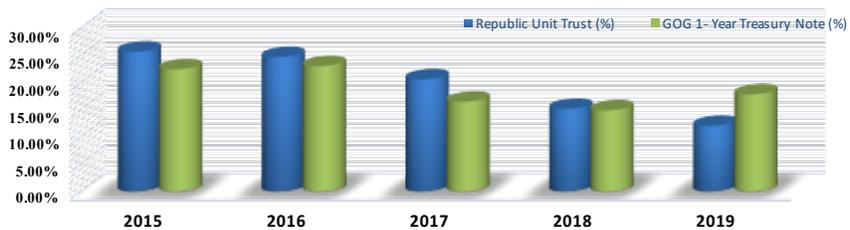

The year 2020 promises to be a good year for your fund as we consolidate the gains from last year's strategies to generate competitive returns at minimal risk for you, our cherished unit holders. Your fund manager will invest in high yielding securities to boost performance this year to our mutual benefit. We shall continue to count on your continuous patronage and would also be glad to accept referrals from you.

We appreciate your support and loyalty to the fund and the Republic brand.

INDEPENDENT AUDITOR'S REPORT TO THE UNIT HOLDERS OF REPUBLIC UNIT TRUST

Opinion

We have audited the financial statements of Republic Unit Trust which comprise the statement of assets and liabilities as at December 31, 2019, and the income and distribution account and statement of movement in net assets and issued units for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and explanatory notes as set out on pages 12 to 27.

In our opinion, the financial statements give a true and fair view of the financial position of Republic Unit Trust as at December 31, 2019 and of its financial performance and its cash flows for the year then ended and are in accordance with International Financial Reporting Standards and in the manner required by Unit Trust and Mutual Funds Regulations, 2001, (L.I. 1695) and the Companies Act, 2019 (Act 992).

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are independent of the Trust in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Trustees for the Financial Statements

The Trustees are responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards and for such internal control as the Trustees determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Trustees are responsible for assessing the Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trustees either intends to liquidate the Trust or to cease operations, or has no realistic alternative but to do so. The Trustees are responsible for overseeing the Trusts financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Trustees.
- Conclude on the appropriateness of the Trustees' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Trust's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Trust to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Trustees regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Key Audit Matters

In accordance with ISAs, this part of our report is intended to describe the matters communicated with those charged with governance that we have determined, in our professional judgement, were most significant in the audit of the financial statements. We have determined that, there are no matters to report under key audit matters.

Report on Other Legal and Regulatory Requirements

The Companies Act, 2019, (Act 992) requires that in carrying out our audit we consider and report to you on the following matters. We confirm that:

- We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
- In our opinion proper books of accounts have been kept by the Trust, so far as appears from our examination of those books, and
- The Trust's Statement of Assets and Liabilities and Income and Distribution Account are in agreement with the books of accounts
